WARNING | TOOLS

- Use hand and power tools only for their intended purpose and follow the tool supplier's safety instructions.
- Wear suitable eye protection and other required protective equipment. Check tools before use.

WARNING | HANDLING

- Window and door components can be heavy. Use safe lifting methods and enough people or suitable equipment.
- Support and secure each unit while moving it. Keep hands clear of pinch points.
- Protect glass and finished surfaces. Wear gloves when handling sharp edges.

WARNING | INSTALLATION

- Use safe access equipment and fall protection when working at height or near an opening.
- Keep the work area clear. Secure the unit before releasing any lifting or temporary support.
- Use the project-approved anchoring, shimming, sealing, and fastening details for this product.
- Follow applicable site safety rules and approved product-specific instructions.
